Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.
A 'C' following a place name indicates that the place is also a false MCD; the false MCD number is not shown.

¹ In 1990, the crew-and-vessels population of ships at sea was allocated to census tracts with a "99" suffix. An anchor symbol appeared on the 1990 map, indicating a census tract containing ships at sea. This map shows the area symbolized as a census tract with the census tract number shown near the area.

All legal boundaries and names are as of January 1, 1990 as tabulated for the Public Law 94-171 and Summary Tape File products. The boundaries also reflect the feature network and coordinates as of the Census 2000 geographic base. Since 1990 the Census Bureau updated the base from the North American Datum of 1983 (NAD27) to the datum as of 1983 (NAD83) and projected the update to the 1990 data. The boundaries and names on this map are for statistical purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights or ownership or entitlement.
